**ASARCO Stack Demolition to Take Place on Saturday, April 13th**

EL PASO, TX – The ASARCO Trust has posted the Frequently Asked Questions section of its website, [www.recastingthesmelter.com](http://www.recastingthesmelter.com), in Spanish. This information is currently very pertinent because it answers questions about the upcoming stack demolition at the former ASARCO site in El Paso. The Trust would like to make clear that any questions received in Spanish either by e-mail or via the blog section of the website, will be answered expeditiously in Spanish.
