Project Work Performed:

- Continued interim construction survey staking to identify subgrade elevations.
- Continued compliance monitoring including air monitoring, weather monitoring, SWPPP monitoring and fugitive dust monitoring.
- Continued to collect field nuclear density testing to confirm compaction requirements.
- Completed site preparation activities associated with Category II relocation to the Southwest Fill Area. Activities will include punching holes in existing surficial concrete/asphalt, removing surface debris, installing soil erosion and sedimentation control BMPs and development of a temporary haul route along the east haul road in anticipation of stack demolition activities and work to be completed by the EPWU contractor.
- Began the relocation of Category II materials from Stockpile #2 to the Southwest Fill Area.
- Began the excavation of geosynthetic material anchor trenches associated with the Category I Landfill.
- Began the installation of a 6-inch prepared subgrade layer.
- Continued processing existing crushed concrete to remove excess woody and metal debris.

Work Projected Next Week:

- Continue interim construction survey staking to identify subgrade elevations.
- Continue compliance monitoring including air monitoring, weather monitoring, SWPPP monitoring and fugitive dust monitoring.
- Continue to collect field nuclear density testing to confirm compaction requirements.
- Complete the excavation of geosynthetic material anchor trenches associated with the Category I Landfill.
- Complete the installation of a 6-inch prepared subgrade layer.
- Continue processing existing crushed concrete to remove excess woody and metal debris.
- Continue the relocation of Category II materials from Stockpile #2 to the Southwest Fill Area.
Weekly Construction Progress Report #72 (Continued)

**Period:** 4/14/13 through 4/20/13

**Action Items/Safety:**
- Loss Prevention System (LPS) tools
  - Loss Prevention Observation (LPO) – 2 (137)
  - Job Safety Analysis (JSAs) – 0 (10)
  - Near Loss – 0 (10)
  - Minor Equipment Damage – 0 (4)
  - Incidents – 0 (2)
  - Stop Work Authority 0 – (7)

Prepared by EJ Suardini, April 24, 2013
