Weekly Construction Progress Report #73

Period: 4/21/13 through 4/27/13

Project Work Performed:

- Continued interim construction survey staking to identify subgrade elevations.
- Continued compliance monitoring including air monitoring, weather monitoring, SWPPP monitoring and fugitive dust monitoring.
- Continued to collect field nuclear density testing to confirm compaction requirements.
- Continued the relocation of Category II materials from Stockpile #2 to the Southwest Fill Area.
- Continued the excavation of geosynthetic material anchor trenches associated with the Category I Landfill.
- Completed the installation of a 6-inch prepared subgrade layer.
- Continued processing existing crushed concrete to remove excess woody and metal debris.

Work Projected Next Week:

- Continue interim construction survey staking to identify subgrade elevations.
- Continue compliance monitoring including air monitoring, weather monitoring, SWPPP monitoring and fugitive dust monitoring.
- Continue to collect field nuclear density testing to confirm compaction requirements.
- Complete the excavation of geosynthetic material anchor trenches associated with the Category I Landfill.
- Continue processing existing crushed concrete to remove excess woody and metal debris.
- Continue the relocation of Category II materials from Stockpile #2 to the Southwest Fill Area.
- Conduct a geosynthetic pre-construction and coordination meeting on Monday, May 1st. Purpose of the meeting is to review all Construction Quality Assurance (CQA).
- Begin the installation of geosynthetics within the Category I Landfill footprint. Geosynthetic components include a Geosynthetic Clay Liner (GCL), 60-mil HDPE Flexible Membrane Liner (FML) and a Geosynthetic Drainage Composite (GDC).
Weekly Construction Progress Report #73
(Continued)

Period: 4/21/13 through 4/27/13

Action Items/Safety:
- Loss Prevention System (LPS) tools
  - Loss Prevention Observation (LPO) – 2 (139)
  - Job Safety Analysis (JSAs) – 0 (10)
  - Near Loss – 0 (10)
  - Minor Equipment Damage – 0 (4)
  - Incidents – 0 (2)
  - Stop Work Authority 0 – (7)

Prepared by EJ Suardini, May 1, 2013
