**Re: Texas Custodial Trust
Former ASARCO Smelter Site, El Paso, Texas**

Subject: Revised Supplemental Remedial Investigation Report

Dear Ms. Wehner:

Enclosed please find the Revised Supplemental Remedial Investigation Report (RI) submitted on behalf of the Texas Custodial Trust. The RI was revised based on comments received from TCEQ and the U.S. Environmental Protection Agency (USEPA) on March 11, 2014, regarding the RI submittal dated November 2013. Responses to individual comments were submitted to TCEQ and USEPA on May 21, 2014. The TCEQ issued a letter dated July 21, 2014 accepting the comment responses and instructing the completion of a Revised Supplemental RI report reflecting the statements and commitments made in the response letter submitted in May 2014.

Per your request enclosed are five (5) sets of the Revised Supplemental RI report. One set is printed in its entirety, with the exception of Appendix J which is provided on CD. The other four (4) sets include Volume I (text, tables, figures) with an accompanying CD which contains the entire report and all appendices.

If you have any questions regarding this submittal please call me at 602-797-4536.

Very truly yours,

MALCOLM PIRNIE, INC.
