Dear Mr. Puga:

The Texas Commission on Environmental Quality (TCEQ) and the US Environmental Protection Agency (USEPA) have reviewed the above referenced submittals dated October 2, 2014 and December 15, 2014, prepared by representatives of Malcolm Pirnie on behalf of the Texas Custodial Trust. The October 2 and December 15, 2014 documents were submitted in response to TCEQ and USEPA comments issued on August 15, 2014, regarding review of the Category I Landfill, Cell 4 Final Cover Design for the above referenced facility, dated June 24, 2014, and in response to EPA comments conveyed to representatives of Geosyntec and Malcolm Pirnie via email on December 12, 2014. Based on our review, the October 2, 2014 and December 15, 2014 responses adequately address the August 15, 2014 TCEQ/USEPA comment letter. The June 24, 2014 Cell 4 Final Cover Design Report is hereby approved, as modified by the October 2, and December 15, 2014 submittals.

The TCEQ and EPA require the submittal of a final report documenting the implementation and completion of the proposed activities (including supporting photographs) within sixty (60) days of completing the installation of the final cover system for Cell 4. In addition, please be aware that submittal of proof of recordation in the county deed records of all industrial solid waste or municipal hazardous waste disposed on the above referenced site in a landfill(s) must be submitted to the TCEQ in accordance with 30 Texas Administrative Code (TAC) §335.5(b).

Mr. Roberto Puga, P.G.
